MARCH 17, 2020

Our remote lodge in the Darien Jungle is sparsely populated and our staff and crew continue to take the prescribed precautions to stay healthy as suggested by the CDC. Tropic Star Lodge will continue to monitor the progress of the Coronavirus and it's ongoing effects on the travel industry.

The safety of our guests and staff is the primary concern of Tropic Star Lodge and we urge our guests, friends and followers to please comply with your local, state and federal government's guidelines for protecting yourself and community from COVID-19.
